

**Job Title:** Farm Assistant / Biology Teacher / Community Life

**Classification:** Full time, year-round position

**Departments:** Farm, Academics, Community Life

**Reports to:** Farm Manager, Academic Dean, Dean of Students

**Start Date:** July 1, 2026

### **Job Summary**

Scattergood Friends School and Farm seeks an engaging biology teacher and dedicated Farm Assistant/Livestock Manager. Other core duties will include community life support, advising and/or teaching physical education.

### **Essential Duties and Responsibilities**

- Manage all aspects of the farm's livestock program—small cattle and sheep herds, feeder pigs, laying hens, and occasional turkeys
- Teach Biology and Advanced Biology
- Assist with other elements of the farm program
- Plan and deliver instruction, as well as measure and report progress to facilitate student development
- Communicate frequently with students and school staff in ways that nurture a healthy learning experience for students
- Model the [values](#) of Scattergood Friends School

### **Other Duties**

- Some combination of advising, dorm sponsoring, or P.E. teaching.
- Attends regular meetings, including: daily collection, lunch, staff meeting, community meeting, and meeting for worship
- Serve as a crew leader in our shared work program

### **Qualifications/Requirements**

- Bachelor's or higher degree in biology
- Ability to design and implement courses that motivate and engage students
- Interest in livestock management, and the work of a small and diverse farm
- Secondary teaching experience (preferred)
- Livestock management experience (preferred)
- Proficiency with Google Suite
- On-campus residency

### **Compensation and Benefits**

- Salary commensurate with experience
- On-campus housing & utilities
- Meals when school is in session
- Comprehensive health insurance
- Retirement plan
- Tuition remission
- Professional development opportunities
- A deep connection to one's work and impact on the world
